## Fall Withdrawal Deadline

The last day to withdraw from a fall 2021 course is Friday, November 12. Please give careful thought to this decision, given that a course withdrawal remains part of your permanent academic record/transcript and could impact timely degree progression. A reminder to connect with the instructor of the course, and perhaps your academic advisor, to gather information that may help you reach your conclusion.

## Advising 101: What is Double Dipping/Counting?

**Double dipping/Double counting** is an unofficial term used at Bentley to describe one course meeting multiple degree requirements.

Curriculum policy determines double dipping/counting rules. Your Degreeworks audit will typically indicate which courses fulfill multiple requirements for your degree program once the program is declared and you have registered for the course. Please speak with an academic advisor if you have questions regarding double dipping. In general, the following guidelines should be kept in mind when assessing what can double count:

- A reminder that major and minor courses cannot double dip.
- General business courses will not double count with the Liberal Studies Major (LSM).
- General education, general business (GB), major, modern language requirements (BA majors), and elective courses are separate degree requirements. These courses cannot double dip.
- Courses counting towards a minor may not count towards a second minor and/or a LSM.

	Gen. Education Requirements	General Business Courses	Major	Electives
Minors	✗	✓ <i>*Business Studies minor only</i>	✗	✓
Course Focus Requirements	✓	✗	✓	✓
Liberal Studies Major (LSM)	✓	✗	✓ <i>*up to 2 classes</i>	✓
