

# ADVISING BRIEF

## New First-Year Student Registration Newsletter

Jennison 336

Academic\_Services@bentley.edu

781.891.2803

### Important First-Year Registration Dates

- Wednesday, July 20 at 10am ET registration begins
- Wednesday, July 20 10am-3pm ET registration support
  - available via Zoom ID: 210 770 506
- Thursday, July 21 at 10am ET registration closes
- Friday, September 2 add/swap/drop opens for new students

A variety of helpful resources, including a recording of the July 13 webinar, placement information, and guides for navigating Workday, can be found on the New Students advising webpage.

<https://www.bentley.edu/offices/academic-services/your-first-year>

### Advanced Standing Credit

If you have credentials to be considered for potential Advanced Standing Credit (AP result, IB results, A Levels, etc.), please be sure to submit your official documentation to the Office of Undergraduate Admission as soon as it is available. The final deadline for submitting this documentation is **September 6, 2022**, but as this potential credit could impact your fall schedule, it is *most helpful to submit the credentials now*. If you are eligible for advanced standing credit for a particular course, please be sure you are not registered for the same course at Bentley.

### Trivia Question

Prize will be given

**Which course is a must take for all first-year students?**

Submit your answer to Academic\_Services@bentley.edu by end of day Monday, July 18, 2022. Prize winner will be selected from those students who correctly answer the question.

### Attention Honors Program Students

If you are a member of the Honors Program, your fall 2022 schedule must include the following Honors courses:

- FDS 100H Falcon Discovery Seminar
- EMS 101H Critical Reading and Writing

(please note: all Honors students, native and non-native English speakers alike, register for EMS 101H)

### Connect with Disability Services

Disability Services provides equal educational opportunities for all full- and part-time students with diagnosed disabilities through an accessible, equitable, and inclusive learning environment. Our accommodations and services are designed to promote individual growth and self-advocacy for students with all types of disabilities. For more information on how to submit documentation, please visit: <https://www.bentley.edu/offices/disability-services/documentation>

# Your First Year Coursework

Individual schedules may vary, but most first-year students' schedules will look like this:

Typical 1st Semester Classes	Typical 2nd Semester Classes
EMS101/101L/102/102L – Critical Reading and Writing	EMS104/105 – Multimodal Communication
Mathematical Sciences or CS100 – Solving Business Problems with Information Technology	Mathematical Sciences or CS100 – Solving Business Problems with Information Technology
LA100 – Business Law or EC111 – Microeconomics or MG116 – Human Dynamics in Organizations	LA100 – Business Law or EC111 – Microeconomics or MG116 – Human Dynamics in Organizations
Context & Perspectives course	Context & Perspectives course
FDS100 – Falcon Discovery Seminar	Context & Perspectives course

## Registration and Placement Questions?

If you have questions prior to registration, you can connect with representatives from [Academic Advising](#) as well as the [English](#), [Math](#), and [Modern Language](#) departments:

**Monday, July 18**  
**10am - 11:30am ET**  
**2pm - 3:30pm ET**  
**Zoom Meeting ID 210 770 506**

## Important Fall 2022 Scheduling Reminders

- FDS 100 is a fall must-take for all first-year students.
- If you do not have prior credit for EMS 101, register for EMS 101/101L/102/102L (depending upon placement).
- You will need to take either your Math selection or CS 100.
- Your schedule should include LA 100 or EC 111 or MG 116.
- Include at least one Context & Perspective course.
- Make sure you plan for breaks, meals, etc.
- Avoid more than two classes in a row and more than three classes in one day.
- Don't schedule more than one double block/evening class.
- Take into account any academic accommodations you may receive.
