### Advice for In-Person Learning

- Arrive to class on time. This means 5 minutes before class begins.
- Take notes in every class and don't rely solely on the professor's PowerPoint.
- Plan ahead to mitigate classroom interruption (i.e. eat a snack if it's going to be a while before your next meal).
- Participate fully & respectfully.
- Faculty have their own rules, codes of conduct, and expectations; if you do not know what they are, ask!
- Don't forget to practice self-care. Find time to do the things you enjoy (i.e. watch Netflix, hike, work out).
