2021- 2022

Academic Calendar

Bentley Graduate Student Association is recruiting for the 2021 -2022 Executive Board!

GSA is looking for 17 new members to help shape another great year for graduate students. [Apply by August 31](#), if you are someone who is passionate about the community and have amazing ideas that you want to see implemented this upcoming year!

Fall Classes

The fall term begins on September 7th and the last day to add/drop a course is September 13th.

Fall registration is still open. Course offerings for the fall term can be found in Workday's Academics section, via the Bentley Find Course Sections.

Waitlists

Graduate Academic Advisors continue to monitor waitlists. It is important that you check your Bentley email regularly if you are waitlisted for a course. Seat offers are sent via email and require a response within 48 hours. We will do our best to help you get into the courses you need!

Graduate Course Formats

Hybrid (HB) Courses: with web-extended format you have the option of attending your classes from an on-campus physical classroom or online from wherever you have an internet connection (with some exceptions). Anything shown to the students in the classroom can also be seen by online students in real time.

Asynchronous Online (AL) Courses: faculty and students are completely online with no specific class time assigned for the course. Instructor lessons can include recorded video lectures, interactive simulations, and discussion boards where classmates can share their views or ask questions. Throughout the week students have the flexibility on when to log in and complete their work, but there are specific due dates for participation and assignments.

IMPORTANT!

ALL GRADUATE STUDENTS MUST SUBMIT ONE OF THE FOLLOWING FORMS

Visiting campus?

- your vaccination records to the [Bentley Health Portal](#)
- OR Request for exemption due to religious/medical

Not coming to campus?

- Your vaccination records to the [Bentley Health Portal](#)
- OR Online Exemption form for fully remote graduate students
- OR Request for exemption due to religious/medical
 - *please note you can change your status and upload your vaccination records at a later time*
