

IT Maintenance Windows

Academic Year 2020 – 2022

The IT Maintenance Window is monthly from 8:00 am to 12:00 pm. This time is reserved for regular and routine system and service upgrades, maintenance and patching. Depending on the work being done, there may be interruption to service and the inability to access systems. IT will communicate with the community prior to all maintenance windows and provide information regarding interruptions and accessibility.

Certain systems and service may require alternative windows for upgrades, maintenance and patching. In those circumstances, IT will work with the users to identify a best date and time.

If you have questions about the maintenance window or a specific date, please call the Help Desk at 781-891-2854 or send an email to helpdesk@bentley.edu
