

RESERVED CAPACITY

To ensure students are able to access required courses, below is a list of courses that are fully reserved for specific populations
(Please note additional courses may have minimal seats reserved)

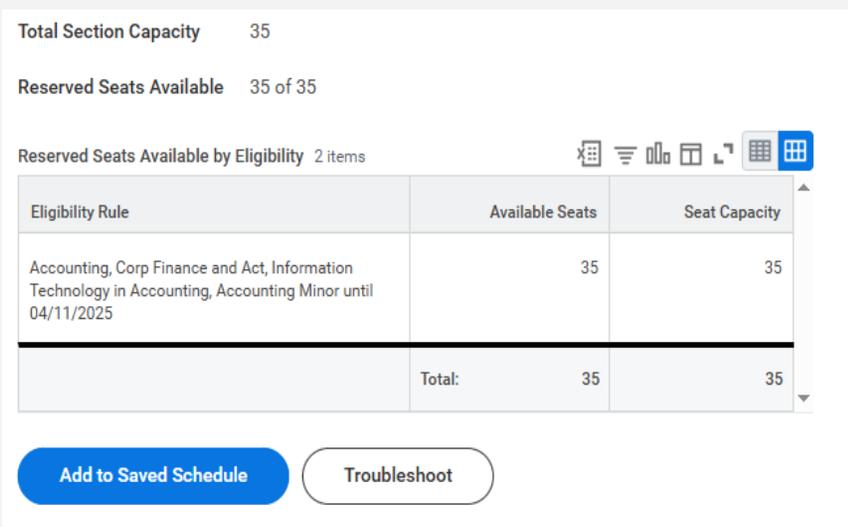

If you are trying to register for an open course and are getting put on the waitlist, check the reserved capacity in workday. (pictured below)

On April 10th any open seats will be released to waitlisted students.

DO NOT RELY ON THE WAITLIST! There is no guarantee you will be offered a seat. At the time you register, you should fully register for five academic courses. If you get offered a seat in a waitlisted course, you can swap classes within your schedule.

Where can I see this in Workday?

When looking at the course section details in workday, you will see this chart that shows the eligibility rule that is driving the reserved seats and the date the available seats will be released.

AC 120	Accounting Major Corporate Finance and Accounting Major Information Technology in Accounting Major
