

Making the Most of a College Fair

Attending a college fair is a terrific opportunity to learn about the admissions process and meet representatives from colleges and universities across the country. You may even discover schools that weren't on your radar.

Here are tips on what to do before, during and after a college fair.

BEFORE YOU GO:

- Find out which schools will be there and create a list of the ones you want to learn more about
- Make a list of questions to ask college representatives
- Create labels with your contact information that you can attach to a card or form instead of writing your information for each school

DURING THE COLLEGE FAIR:

- Visit your top-choice schools first
- Ask questions and take notes
- Get representatives' contact information
- Sign up for the college's mailing list

AFTER THE COLLEGE FAIR:

- Further research your favorites on their websites to determine if you will move forward
- Follow up by emailing college representatives to thank them and ask additional questions you may have
